

## BRITISH ARMY ADVANCES LINE ON TWO MILE FRONT

BESIDES CAPTURING IMPORTANT TOWN MOVE TO WITHIN FOUR MILES OF BAPAUME ITSELF

(By Republican Associated Press Leased Wire)

The left wing of the British army between the Ancre and Somme rivers in France has advanced on nearly a two mile front from the east of Eaucourt L'Abbaye to the Albert-Bapaume road capturing in the operation the town of Eaucourt L'Abbaye and throwing their line to within about four miles of Bapaume itself.

In addition the British line to the east has been sent forward for good gains into the German front, according to London. Valuable work was done by the new armored tractors in the field.

Still further gains for British and French troops north of the Somme river are chronicled in the latest official communications. Germans have been driven from positions near the Stiff-redoubt, and also have been forced to give up all except a very small portion of the Schwaben redoubt in this region. Between Le Sars and Fiers the British have pushed forward. Saturday night and Sunday German trenches near Morval and Clerf fell.

German reports, however, that attacks by the British east of Thiepval and by the French in the vicinity of Rancourt, Courcellette, Morval and Halle were repulsed.

In Galicia the Russians have started another big offensive. The official reports from Petrograd and Berlin are at variance as to results of the fighting. Petrograd reports that thirty miles northeast of Lemberg the Russians are forcing their way forward and have captured 1,987 officers and men. Also south of Brzezany, fifty miles southeast of Lemberg, and along the right bank of the Zlota Lipa, Austro-German positions are reported to have been taken and 112 officers and 2,288 men made prisoners.

Berlin asserts that Russian force along the Brody-Lemberg railway were stopped, but admits the Russians gained a foothold in the south and also advanced between Tsenyukha and Zlota Lipa river.

In the Carpathians in the Ludowa sector, the Austrians have turned to the offensive, and according to Vienna, in an attack captured four Russian officers and 532 men and eight machine guns.

The Rumanian theater is witnessing no local engagements. The number of prisoners taken by the army of General von Falkenhayn in the Hermannstadt region exceeded 3,000.

In Macedonia the Serbians have at last captured the Kaimakalan heights on the Greek-Serbian border. The British on the Struma have taken a portion of the Bulgarian capital they gained.

Another air raid by Zeppelins over eastern England has taken place. One Zeppelin is reported to have been brought down in flames.

#### British Troops Advance

LONDON, Oct. 1.—British troops on the Somme have made an advance on a 3,000-yard front east of Eaucourt L'Abbaye, to the Albert-Bapaume road, according to the official statement tonight.

Eaucourt L'Abbaye itself is reported to be in the hands of the British. The operations were aided by the armored tanks.

The British schooners William George, 151 tons, and Pearl of Turin, 144 tons, and the Norwegian schooner Manuel, of Tonsberg, have been sunk.

#### Russians Assume Offensive

BERLIN, Oct. 1.—(Via London).—The Russians have assumed the offensive once more, striking with great force above and below Lemberg. South-east of the Galician capital they gained a foothold in the Austro-German positions, the war office announced today.

An advance northeast of the city was checked after the Russians had charged the German lines seven times.

The announcement follows: "The Russians again resumed the offensive at various points. "West of Lutsk the enemy's fire has increased."

"On both sides of the Brody-Lemberg railroad and south to Grabovka, the enemy advance has been arrested by the complete collapse of assaults repeated seven times."

"In the southern wing the attacking Russian forces gained a foothold in our line of defense."

"On both sides of the Zlota Lipa there was violent hand to hand fighting between the Tsenyukha and the Zlota Lipa the enemy advanced. Further west Turkish troops opened fire yesterday by an immediate counter attack and this morning penetrated positions held by Russian detachments. Two hundred and thirty prisoners were brought in."

#### Russians Renew Drive

PETROGRAD, Oct. 1.—(Via London, Oct. 1).—The Russian drive at Lemberg was renewed yesterday when they made strong offensive movements north and south of the Galician capital. According to today's report, material success has been won. Austro-German positions were penetrated and more than 4,000 prisoners taken. The announcement follows:

"In the neighborhood of the Brody-Lemberg railroad and south to Grabovka, the Russian drive is taking place, our troops forcing their way forward. The enemy is offering stubborn resistance. We captured here 59 officers and 1,928 men."

"Fighting is proceeding in our favor south of Brzezany on the river Tsenyukha, and on the right of the Zlota Lipa. Here we captured part of the enemy position by assault, taking during this operation 112 officers and 2,288 men. Enemy counter attacks were frustrated."

"On the Caucasian front there were no developments."

#### Revolution Grows

ATHENS, Oct. 1.—(Via London, Oct. 1).—The official gazette of the provisional government publishes a decree signed by M. Venizelos and Vice Admiral Comdourios "by the virtue of the power vested in them by the popular decree of September 26," naming General Panayotis Danglis, the former minister of the late king, as premier.

The new cabinet is expected to be formed in the near future. The king's position is reported to be precarious.

## ZEPPELIN RAID IS IN PROGRESS; ONE CRAFT DOWN

(Republican A. P. Leased Wire)

LONDON, Oct. 2.—Another Zeppelin raid against London and the east coast of England is in progress. An airship is reported to have been brought down in flames north of London, according to the official statement issued shortly after midnight.

"A number of hostile airships crossed the east coast between nine o'clock and midnight. A few bombs were dropped near the coast, but no damage is yet reported."

"The raid is still in progress, and some airships are in the vicinity of London where some guns have been in action."

"An airship is reported brought down in flames north of London."

Great crowds cheered the spectacle of the burning Zeppelin as it fell in the London district. The great flare from the burning aircraft was visible for a long distance.

Four Zeppelin raids on London and the east coast have been carried out in the last month, the more recent attacks being made by airships of the newer and larger type. On September 2 one Zeppelin was struck while flying over the London district and fell in flames.

Two Zeppelins were destroyed in the raid of September 23. On that occasion the raiders killed 25 persons and wounded 125. The airship was apparently escaped without damage, they killed 24 persons, and wounded 27.

In the raid of September 2 only two persons suffered death, and 13 were injured.

Conditions More Difficult

AMSTERDAM, Oct. 1.—(Via London).—The military critics of the Zeppelin attacks on England are much more difficult than even a year ago. The British, he says, have had time to carry their defense measures to the highest perfection.

FUNSTON COMPLETES TOUR

BROWNVILLE, Tex., Oct. 1.—Major General Frederick Funston today completed his tour of the border army camps and left for Corpus Christi, where he will inspect the camps of the Second and Third Texas Infantry.

EXPECT MAIL SEIZURES NOTE

WASHINGTON, Oct. 1.—Officials here expect the British note on mail seizures to reach the state department early this week. Embassy advisers indicate that it probably was sent to this country on the liner Philadelphia, which arrived at New York today.

chairman of the republican national committee.

Mr. Hughes plans to remain in this city until Wednesday, when he will go to some nearby town for a few days' rest before starting October 9 on his third campaign tour, which is expected to take him as far west as Nebraska.

Tuesday night he will be the guest of honor at a reception here at the union league club, at which former president Roosevelt and Taft will be present.

Mr. Hughes expressed himself as well satisfied with the progress of his campaign.

Fairbanks at Los Angeles

LOS ANGELES, Cal., Oct. 1.—Charles W. Fairbanks, republican candidate for vice president, arrived here late today accompanied by former United States District Attorney, Joseph B. Keating of Indianapolis, who announced that the candidate's principal address in this city tomorrow "would be devoted to the election of a republican president who would involve the United States in two wars."

A committee of republicans including Lieutenant Governor William B. Stephens, received Mr. Fairbanks, who later visited his son, Frederick C. Fairbanks, a resident of Pasadena. Six meetings comprise the program for the candidate in this city tomorrow.

## SWITCH ENGINE SENDS FREIGHT INTO TROLLEY

(Republican A. P. Leased Wire)

DETROIT, Oct. 1.—Thirteen persons were killed and more than twenty-five injured, several probably fatally, late tonight when a switch engine pushing two freight cars crashed into a crowded street car at Forest avenue and Dequinder street on the east side. There were more than ninety persons in the street car, many of them returning from the theaters.

The street car was struck almost in the center, the impact pushing it from the tracks and sliding it along-side of the freight cars.

Panic stricken passengers began jumping from doors and climbing through windows. Most of the dead were killed by jumping from the car and falling under the wheels of the still moving freight cars.

Ambulances were rushed to the scene and quickly took the injured to the hospitals.

At midnight one hospital alone reported fifteen injured and one dead had been taken there.

Tonight's accident is the third of a similar nature here in the last year and the second to occur at the Forest avenue crossing.

The railroad tracks at Dequinder street are used by the Grand Trunk and Detroit Terminal railroad companies.

The death of a little girl, who died while being taken to a hospital, brought the list of dead to fourteen. At the same hospital one man was reported to be dying, while three others, unidentified, were unconscious and the extent of their injuries undetermined.

Those who were killed outright at the crossing were so badly mangled that identification there was impossible.

According to a member of the switching crew, the train was moving at about twenty miles an hour when it struck the street car.

Robert O'Keefe, conductor in charge of the switching crew, and William Carter and Alex Clishe, motorman and conductor of the street car, were taken to police headquarters where they were being questioned long after midnight.

Balloting Begin In the Election In Nicaragua

(Republican A. P. Leased Wire)

MANAGUA, Nicaragua, Oct. 1.—Balloting was begun today in the presidential election. Liberals and progressives are abstaining from voting. The indications are that General Emiliano Chamorro, candidate of the conservatives, will be elected.

The newspapers print an interview with General Chamorro, denying that he signed the conditions reported to have been imposed by Dr. Benjamin L. Jefferson, the United States minister.

It was reported that Dr. Jefferson had intimated that the victor in the elections must respect existing treaties with the United States, American economic intervention in the country and the policing of Managua by American marines. The liberals were said to have rejected the alleged conditions.

Voting Is Orderly

WASHINGTON, Oct. 1.—Voting today in the presidential election in Nicaragua was conducted in an orderly manner. Admiral Caperton reported to the navy department. Balloting will continue tomorrow.

## RIPLEY BELIEVES LAW UNCONSTITUTIONAL

(Republican A. P. Leased Wire)

NEW YORK, Oct. 1.—Edward P. Ripley, president of the Atchafalaya, today sent to the stockholders of the company an appeal to them to work for the passage of remedial legislation to meet the situation created by the passage of congress of the eight hour law at the request of the four railway brotherhoods.

"Since the precedent of abandoning arbitration and hurriedly paying the demands of railroad unions by special congressional enactment has been established," he says in his communication, "does it not behoove you to exercise your influence in favor of appropriate remedial legislation?"

"This company believes that the act which congress has passed is unconstitutional and that steps should be taken to resist it in every lawful manner."

Mr. Ripley calls attention to the fact that the president recommended consideration by the interstate commerce commission of an increase in freight rates to meet the wage increase charge resting upon, also to prohibit strikes until investigation. The brotherhoods he said have made it clear they will resist such legislation. It appears, he says, that "until some remedial legislation shall be adopted, the only way to avert tie-ups is for congress to grant by special legislation, whatever demands labor combinations may insist upon as their price of permitting the people to continue to enjoy railway transportation."

SENATOR CLARKE DIES AT HOME OF APOPLEXY

(Republican A. P. Leased Wire)

LITTLE ROCK, Ark., Oct. 1.—United States Senator James P. Clarke, president pro tempore of the United States senate, died at his home here today. Senator Clarke suffered a stroke of apoplexy Friday and never regained consciousness.

Senator Clarke was born in Yazoo City, Miss., August 18, 1854. He was educated in the schools of his native state and in 1875 graduated from the law department of the University of Virginia. He began the practice of law in Helena, Ark., in 1875.

Entering politics, Mr. Clarke was advanced rapidly from legislator in 1886 to state senator in 1887, to the presidency of the state senate in 1891, and to attorney general in 1892. He was elected governor in 1894. He was elected United States senator and was re-elected in 1909 and in 1915. He was elected president pro tempore of the senate in 1913 and re-elected in 1915. His present term as United States senator would not have expired until March 3, 1921.

Senator Clarke was married in Helena on November 15, 1882, to Miss Sallie Moore. She and a son and two daughters survive.

Funeral services for the late senator will be held Tuesday afternoon from the residence here, followed by interment in a local cemetery.

Governor George W. Hays announced tonight that he will issue a proclamation tomorrow ordering all state departments closed during the funeral.

Succeeded Senator Frye

WASHINGTON, Oct. 1.—Senator Clarke had been president pro tempore of the senate since the democratic party gained control in 1913. He was chosen by party caucus to succeed the late Senator Frye of Maine.

Senator Clarke left Washington a few weeks ago apparently in good health. In the closing days of the last session he was in the senate.

WILSON IS CONGRATULATED ON HIS SPEECH AT SHADOW LAWN

(Republican A. P. Leased Wire)

LONG BRANCH, N. J., Oct. 1.—So many messages congratulating President Wilson on his speech here yesterday were received by him today that he has decided to follow the same general line in future addresses at Shadow Lawn.

Arrangements were completed today for the president's trip to Omaha beginning Tuesday. He will arrive in Omaha Thursday morning at 11:40 o'clock and will remain there until 1 o'clock that night, returning to Long Branch, Saturday morning at ten o'clock. Saturday afternoon he will address an assemblage of independents here.

A busy day has been arranged for him in Omaha. Soon after his arrival he will attend a luncheon at the Commercial club. Then he will ride at the head of a historical pageant and later review it. In the evening he will speak in the Omaha auditorium.

Henry Ford, of Detroit, will lunch with the president here tomorrow. Prospects for peace in Europe are expected to be discussed.

President Wilson received a number of telegrams today bearing on his message to Jeremiah O'Leary, president of the American Truth society, telling him he wanted no "disloyal" Americans to vote for him. Most of the telegrams praised the president for his stand, but a few criticized him.

Statements made by a brother of Mr. O'Leary that suit should be brought against the president for libel were received lightly by administration officials. No comment was made.

Independent Voters' Day

NEW YORK, Oct. 1.—President Wilson has designated next Saturday as Independent Voters' day at Shadow Lawn, the national democratic committee announced tonight. The pilgrimage to Long Branch will be under the auspices of the Woodrow Wilson Independent League, of which Representative W. S. Kent of California, is chairman. The New York and New Jersey delegations will travel in special trains.

A busy day has been arranged for him in Omaha. Soon after his arrival he will attend a luncheon at the Commercial club. Then he will ride at the head of a historical pageant and later review it. In the evening he will speak in the Omaha auditorium.

Independent Voters' Day

NEW YORK, Oct. 1.—Fire, which broke out in the cargo hold of the American line steamship Philadelphia Thursday while the vessel was 800 miles from this port, still was smoldering when she arrived here today. Few of the 446 passengers were aware of the peril they had been in until after the big liner docked.

The first intimation of fire was

when smoke was seen pouring from a hatch under the steerage dining-room, aft. The officers, it was said, removed the 313 stowage passengers at once and took precautions to keep the news from spreading. While the blaze was got under control quickly, no time was lost in steaming to port. The Philadelphia left Liverpool Saturday, September 23. Origin of the fire has not been determined. Flooding of the cargo hold checked the flames.

## MINING MEN TO PRESENT THEIR VIEWS TO BODY

(Republican A. P. Leased Wire)

ATLANTIC CITY, Oct. 1.—Representatives of the more important American mining interests in Mexico are expected to appear before the American joint commission here tomorrow regarding conditions in Mexico. Before they are received, the commissioners will hold their first joint session here in continuation of the discussions begun at New London four weeks ago.

Consideration of plans for the maintenance of peace along the border will be resumed, but reports which continue to arrive of Villa's activity in Chihuahua may serve as a further delay to agreement. The commissioners make no secret of the fact that failure of General Carranza's forces to run down Villa has proved embarrassing.

It was considered probable tonight that General Carranza's latest electoral decree would be discussed tomorrow. The decree is said to stipulate that none of those connected even remotely with the Huerta administration shall have the right to vote at the coming presidential election.

Another subject to be discussed more fully this week will be the closing of the National bank and the Bank of London and Mexico.

Going After Villa

CHIHUAHUA CITY, Oct. 1.—General Carlos Ojuna arrived here today with 1500 infantry and cavalry from Saltillo by way of Torreon, to take the field in western Chihuahua against the bandit band led by Villa and Jose Ynes Salazar.

General Ojuna will relieve General Mestas Ramos temporarily while the latter general's wound in the left leg, received at Cusihuiriachic, heals. General Ramos is now a patient in the Chihuahua military hospital. His wound, which was made by a mauler bullet, is not considered serious and he expects to rejoin his command within two weeks.

General Ojuna will proceed tomorrow to the Carranza base at Santa Ysabel, thirty-three miles west of here, and will be joined there by General Ramos' forces, numbering approximately 800. This augmented force will then proceed to Cusihuiriachic to attack the Villistas said to be in possession of that mining camp, twenty miles west of Santa Ysabel.

General Ojuna has a reputation as a military commander throughout the eastern military zone, where he won his eagle by his aid in General Trevino's defense of the El Paso oil district, near El Paso, against the Villistas during the Villa revolution against Carranza.

Still Executing Villistas

EL PASO, Texas, Oct. 1.—Executions of Villistas, sympathizers, and suspects continue in Chihuahua City, an American arriving from the state capital reported tonight.

There has been a milk famine in Chihuahua City because of the fact that a number of milkmen were arrested and shot on the charge of carrying information to the Villistas outside of the city.

The result has been that milkmen have almost ceased making trips to the city. One man was found to have been carrying ammunition out of the city in his empty milk cans to the Villistas forces preceding the attack. He was shot.

Villa's men looted the town of Cusihuiriachic after the fight with the Carranza forces under Mestas Ramos, and to local mining companies in the Cusi district tonight. After the fight the Carranza forces withdrew to Santa Ysabel and the entire town of 2000 was sacked of food supplies and valuables.

General Francisco Gonzalez, commander of the Carranza forces in the north, returned from Chihuahua City today after a conference with General Juan Trevino, commander of the northeastern military zone, regarding the campaign against Villa and the use of the northern troops to co-operate with Carranza's commands in the field.

It is possible that General Gonzalez will take command of a force in the field in western Chihuahua against Villa, moving against the Villistas from Casas Grandes as a base, in co-operation with the forces of General Carlos Ojuna, who has relieved General Trevino.
